hip TIPS

- Speak naturally and clearly. Yelling or increasing the volume of your voice reduces accuracy
- In noisy environments mute your phone and use the keypad (see email section)
- Say "Help" or press 5 at any time for a list of available commands
- Voice on the Go automatically starts reading your email
- Say "Play <language>" to hear the email read in the language that it was written
Available for messages that were authored in English, French, Italian, Spanish, German or Dutch.
- To end your Voice on the Go call simply hang up
